Meet at Demarest Nature Center entrance adjacent to the Imagination Playground on Wakelee Drive

After Autumn in the Demarest Woods

It's the end of fall and the vibrant colors of our trees has mostly faded, but that doesn't mean that the Nature Center is devoid of color and life, you just have to know how to look for it. Join our DNC arborist Ray Slaman at the trail head near Imagination Playground for a 90 minute walk and discover the beauty and colors of the winter woods.
